The image illustrates the process of exporting search results from Medline. It is divided into three main sections:

- Search Results (Left):** Shows a search for "Heartworm disease in animals and humans" with 440 results. Three results are selected, marked with a yellow box labeled '1'. The results list includes authors like McCall JW, Genchi C, Kramer LH, and Guerrero J. Venco L.
- Export Citation List (Middle):** A dialog box where the user selects 'Microsoft Word' as the export destination, 'Vancouver' as the citation style, and unchecks 'Include URL'. A yellow box labeled '2' highlights the 'Export Citation(s)' button.
- Ouverture de citation.doc (Right):** A dialog box asking how to open the file. The user selects 'Ouvrir avec Microsoft Office Word (défaut)'. A yellow box labeled '3' highlights the 'OK' button.

Below the export process, the resulting references are listed:
